

## National Severe Weather Warning Service

### Chief Forecasters Assessment

Frontal systems will affect NE England and SE Scotland over the next few days, becoming more active during Sunday and again later on Monday and early Tuesday. Rainfall totals through this period are expected to reach 25-50 mm widely with 90 mm possible over the Cheviots.

The Met Office have issued a **Yellow Warning of Rain**

Valid from **15:00 on Sun, 03rd Jan 2016** until **12:00 on Tue, 05th Jan 2016**

Rain, heavy at times, will affect Northumberland and parts of the Borders during Sunday and although easing for a time during Monday morning, further spells of rain are expected during Monday and at first on Tuesday. Please be aware of the risk of localised flooding.

This is an update to extend the warning into the Borders and also through into Tuesday.

**For more details please go to:**
